The T-Rex makes its way into a drive-in movie theater as the helicopter catches up to it. Not only is its presence ominous due to the pandemic, but overall, the sequence exemplifies that dinosaurs now present a danger to everyone. Dr. Alan Grant and Dr. Ellie Sattler contemplated the notion that dinosaurs moved in herds, which is something they discovered was true when they are on their journey to Isla Sorna. Unfortunately, there was only so much that they could do. Jurassic World: Dominion promises to provide a thrilling adventure and a glimpse into the future of dinosaurs as well. The T-Rex duel surely feels like a callback to the previous duels in the series, but it's what happens next that's the biggest part of Jurassic World: Dominion's prologue sequence. In the preview, it comes to an end with Blue watching as the helicopter lands. More From Mansoor Mithaiwala

The lost egg story

Jurassic World: Dominion is back in theaters this summer with a new adventure that continues the story of dinosaurs on Earth. The film will bring back some familiar faces from the previous movies, including Dr. Alan Grant and Dr. Ellie Sattler, who are returning to the screen in their iconic roles. The movie is directed by Colin Trevorrow and stars Chris Pratt, Bryce Dallas Howard, and Sam Neill among others. Jurassic World: Dominion promises to be an exciting sequel that fans of the franchise have been waiting for.

The story follows the aftermath of Jurassic World: Fallen Kingdom, where Owen and Claire are on a mission to rescue the young raptor Blue. However, their mission is interrupted when they discover a plot to unlock an ancient secret that could threaten the future of humanity. The movie will also introduce new characters and dinosaurs, and take place in various locations around the world, including Isla Nublar and Isla Sorna.

In the preview, the T-Rex makes its way into a drive-in movie theater, evoking a nostalgic feeling from the previous Jurassic Park movies. The sequence sets the stage for the upcoming events in the movie, as the dinosaur community becomes more populated and dangerous. The preview also shows a glimpse of the T-Rex duel, which is a callback to the previous duels in the series. The movie promises to be an intense and thrilling adventure that will keep audiences on the edge of their seats.
